During bad weather we meet inside, unless roads are bad. Inside days consist of theory, cleaning tack, & testing. These days are very important since it provides another way to learn and the information is necessary to move to the advanced courses. If your child misses any class due to illness or vacations we can try to make up in one of the other classes or the monies are forfeited.

Helmets provided for Level 1 but when your child progresses to Level 2 they must have their own helmet, and riding boots.
